

THE STATE HOSPITALS BOARD FOR SCOTLAND

REMUNERATION COMMITTEE ANNUAL REPORT

1 April 2021 – 31 March 2022

1 INTRODUCTION

Staff Governance is defined as ‘**a system of corporate accountability for the fair and effective management of all staff.**’

The Staff Governance Standard (4th Edition) sets out what each NHSScotland employer must achieve in order to improve continuously in relation to the fair and effective management of staff. Implicit in the Standard is that all legal obligations are met, and that all policies and agreements are implemented. In addition to this, the Standard specifies that staff are entitled to be:

- well informed;
- appropriately trained and developed;
- involved in decisions;
- treated fairly and consistently; with dignity and respect, in an environment where diversity is valued;
- provided with a continuously improving and safe working environment, promoting the health and wellbeing of staff, patients and the wider community.

In the performance year 2021/22, The State Hospitals Board for Scotland’s Remuneration Committee continued to focus its monitoring activities in respect of the above, with particular regard to the performance, pay and terms and conditions of Executive and Senior Managers.

During this year, the Remuneration Committee Chair changed to the NHS Board Vice-Chair to align with practice throughout NHS Scotland. This ensures that the committee chair does not play a role in the Executive and Senior Manager Appraisals process, avoiding potential conflict of interest.
