

**Request Reference:** FOI/008/22

**Published:** 07 June 2022

**Information requested:**

Please can you disclose, preferably by PDF if you are using an attachment, the number of children (under 18) from England who have stayed at the Hospital for treatment in the period from the start of 2018 to the end of 2021. Please disclose the cost for the stays of these people. Please also breakdown both figures (the number of children and the total cost of stays for them) into 2018-2019 (a two year pre-pandemic period) and 2020-2021 (approximately the same now the virus has arrived in the world and all too soon gets into the UK).

**Response:**

During the period 01 January 2018 to 31 December 2021 there were no (zero) children from England that stayed at the hospital for treatment.

As we have not had any patients matching the criteria, the costs associated with these stays are £0.00.

The breakdown of figures and costs;

	2018 - 2019	2020 - 2021
Number of children	0	0
Total cost	£0.00	£0.00
