

FOI Disclosure

Reference Number: FOI/030/24

Date Published: 12 September 2024

Information requested:

I am seeking information on the number of Planned Treatment claims also known as S2 applications made to this health board and the cost of the payouts over a 10 year period.

-How many individual claims were made to this health board between 2014 and the time of this FOI?

-How many of these individual claims were approved?

-Can you provide a breakdown of the cost by year? i.e how much money was paid out each year to the successful claimants?

-Can you tell me what medical procedures were behind the claims?

Response:

The State Hospital has never had any claims made under The Planned Treatment or S2 Scheme and as such we give notice under Section 17 of the Freedom of Information (Scotland) Act 2002 that we do not hold this information.
