

Request Reference: FOI/079/24

Published: 10 April 2025

Information requested:

1. Does your NHS Trust/Board have an executive board where health research strategy for the hospital/s is set? e.g a Research and Innovation Board or other relevant high-level board.
2. If yes, is there a PPIE (patient public involvement engagement) representative on this board with the specific remit to provide insights into research agenda setting from the perspective of a patient with lived experience of health issues or as a member of the public/community? [I am not referring to the presence of a lay chair].
3. Is there a PPIE advisory structure (e.g. board, committee, panel) which provides PPIE insights to inform the work of the executive board? (not within individual study groups- I refer to high level feedback into your research strategy meetings).
4. If yes to question 2, 3, 4 or 5, please provide the most recent minutes/agenda with a list of members with designated roles/remits (not names).
5. Are PPIE representatives remunerated?
6. Do you require PPIE representatives to do any training? If yes, please specify e.g NIHR training or in house-training.
7. I realise that some of this information may already be available. However, I was unable to locate it. So, if it is, please provide me with a link to the data.

Response:

1. No. The State Hospitals Board for Scotland has an operational Research Committee.
2. Not applicable. We give notice under FOISA section 17 that we do not hold this information.
